June 12th, 2019

Dear Friends of Kemmerling Pool:

As of this morning we have diagnosed three leaks in the pool. We have been able to repair two and the third was patched and will be fixed at the end of season. We are currently testing the patch to ensure the repair has stopped the water loss. Along with filling the pool (s) we are in the process of starting the filtration system, balancing the chemicals, and preparing the facility and guards for opening. Providing we do not run into any additional issues, and once we know the facility has met all the safety requirements, we will be able to confirm an opening date.

We are hoping to send out additional communication by the end of the week.

Pass holders can continue to swim at the Oasis-Bloomington Park District until our facility is opened.

Our aquatic staff will be reaching out to swim lessons participant's over the next week to update them on scheduling changes.

As for our Racer Families, we will be sending out communication via the swim board and our coaching staff.

The Oasis (170 S Circle Ave, Bloomington) Kemmerling Pool Pass Holders will be able to visit The Oasis in Bloomington during the month of June until Kemmerling Pool reopens. Pass Holders will need to show their pool pass and photo id to admissions staff for entry. If you are a Roselle resident and want to pay the daily admission rate, you will be charged the resident admission rate by showing your photo id proving Roselle residency. The Oasis is open from 11:30am-7pm daily.

Thank you again for your understanding. We recognize that our community has been extremely patient while we have gone through the diagnostic and repair process. We hope that temperatures will increase, rain will go away, and residents will be able to enjoy Kemmerling for the remainder of the summer.

If you should have any questions or concerns regarding the issue, please feel free to contact any of the staff below at 630.894.4200 or at the below listed email addresses:

Lynn McAteer, Director
